

# COMMUNITY

**Community è la proposta GSI ceramica per l'ambiente bagno pubblico e collettivo. Si tratta di una collezione di sanitari che garantisce comfort e sicurezza offrendo delle soluzioni particolari sia in termini di design che dal punto di vista delle possibilità di impiego. Community prevede una linea di prodotti per un'utenza diversamente abile: il lavabo 70 risponde in particolar modo all'esigenza di disporre di soluzioni di servizio, e può abbinarsi al wc sospeso della stessa famiglia. Il lavabo è particolarmente indicato in tutte le situazioni che richiedono alta usabilità e accessibilità, può essere accessorizzato con due pratici portasciugamani laterali cromati.**

Community is GSI Ceramica's proposal for public or collective bathroom environments. This is a line of sanitary ware that guarantees comfort and safety while offering special solutions in terms of design and usage possibilities. Community also includes a line for differently abled people: the washbasin 70 answers especially to the need to provide service solutions and may be combined with the wall hung wc from the same line. The washbasin is especially suited for all situations that require high usability and accessibility and it can be supplemented with two practical, lateral chromium plated towel racks.
